Thursday 21st Yr 3/4 Wind in the Willows evening performance.

Friday 22nd Footy day, lunch order day and last day of term.

Notices: Lunch order due in by 18th September.

Monday 11th September

Moonlit Sanctuary Excursion:

Important final reminders:

- The excursion is on Thursday the 14th of September, all children must be at school by 8:50am with bags unpacked ready to take the role at 9:00am.
- Snacks and fruit will need to be brought in a labelled plastic or paper disposable bag. Lunch boxes will be left at school as we will have lunch when we return.
- All children **MUST** have a raincoat and shoes appropriate for wet weather (preferably gum boots).
- We will be outside for majority of the day so please dress children in their winter school uniforms. Beanies are recommended.

Foundation News:

Our excursion week is finally here; however, I don't think we are going to get the spring weather we had hoped for. Rain, hail or shine we will still go but **PLEASE** make sure the children are appropriately dressed for the weather on the day. As per the notice handed out last week, we highly recommend gumboots and raincoats are a 'must have item'. Children must also be in full school uniform. Thank you to the parents that volunteered to help-out on the day, unfortunately we can only take two parents per grade as part of our group. Names were drawn from a hat and those parents were notified on Thursday. Don't forget your Big Write homework chat this week, which needs to be completed prior to Wednesday.

This week's work:

Soundwaves: 'Rr' as in rusty robot and 'Gg' as in girls giggle.

Maths: Adding and segmenting numbers to 10.

Thanks and have a great week, Caroline ☺

Grade One News:

Thanks to all the parents who offered to help for this Thursdays excursion. Two parents have been chosen out of a hat and have been informed of who they are last Thursday. Last week during our Wacky Wednesday and Fabulous Friday sessions our class finalised our mini-beast inventions and they all look terrific! The children put so much thought and effort into their designs. The next step is for the class to think about what features and abilities their mini-beasts have which will be focused upon this week. Have a great week everyone! Miss Martin.

Grade Two News:

Another great week in Year 2. The children have been working on lots of new and exciting things. Last week we designed our own Mini beasts on the computer using a program called 'Design A Bug'. We also created graphs on a website called 'Maths Is Fun'. The children really enjoyed collecting data and making a corresponding graph. On Friday the teachers and teacher aides spent the day learning new Maths skills. It was wonderful to work with an inspiring Math guru such as Michael Ymer and I look forward to introducing some of his ideas into our classroom. The children are excited about the upcoming excursion on Thursday to Moonlit Sanctuary. The weather forecast is looking wet so please make sure the children have appropriate footwear and wet weather gear.

Have a great week
Lori Frowd

Big Write

You are going to write a report about ants. A report is a style of writing that provides information to the reader.

THINK ABOUT:

- What are ants?
- What do they look like?
- What can they do?

*With Thanks Caroline McFaul, Lori Frowd
and Hannah Martin.*
