Our Learning

This week in Maths the Grade 4's are continuing their work with perimeter and area. The Grade 3 students will be working on addition and subtraction problems involving money. The Grade 4 students will be participating in the Attitude to School Survey along with all the grade 5 and 6 students.

At Home Practice

Home work is back this week.

All students should be reading regularly at home as part of their homework and completing at least one Literacy Pro Quiz each week. All students have their login details for Learning Zone, if you are logging on for the first time at home you will be required to enter a code for Baxter Primary School. Our code is 2Y99. You will only have to do this once.

Our choir members will be performing at Karingal Hub this Wednesday as part of Education Week celebrations. We will be singing in the centre court at 12.00. We welcome all parents and family members to come along and enjoy the performance. All students participating must be in full school uniform. Last week the Grade 3 students completed their first Naplan tests. All students are to be congratulated on their wonderful attitudes and the effort they put into Naplan. Thank you to our parents also for the support and encouragement you gave your children.

The District Cross Country is next Tuesday, the 29th May. Permission forms and bus money must be returned by this Wednesday, the 23rd May. Miss Taylor will be accompanying the students to the Cross Country event and the students not participating will remain at school with Mrs Andrews.

We encourage all families to come along and support these students in their efforts on the day.
